Colorado Department  
of Public Health  
and Environment

April 23, 2004

James Parker  
Air Toxics Ltd.  
180 Blue Ravine Road, Suite B  
Folsom, California 95630

Dear Mr. Parker:

RE: Documentation of Compliance with CDPH&E Guidance for Indoor air Analysis by GC/MS SIM Method TO-15

A report entitled Documentation of Compliance with CDPH&E Guidance for Indoor air Analysis by GC/MS SIM Method TO-15 dated March 11, 2004 was received by the Colorado Department of Public Health and Environment (the Department) on March 12, 2004. This report has been carefully reviewed.

The information presented by Air Toxics Ltd of Folsom, California is in regard to their performance of method TO-15 for the analysis of volatile organic compounds in air. The report documents the setup of the analytical system and its performance using the guidance method supplied by the Department. Based on the information presented, the Department will accept the data presented as demonstration that the lab is capable of producing TO-15 data analyses acceptable to the Department. Future data acceptance will be based on continued acceptable analytical performance.

If you have any questions, please call me at (303) 692-3438.

Sincerely,

Edgar Ethington  
Corrective Action Unit  
Compliance Program  
Hazardous Materials and Waste Management Division
